Thermic Jacket

(THJ)

\$129.99

Light in Weight, Heavy in Warmth

To prove it, ScentBlocker introduces the Thermic jacket and vest. In today's top camouflage patterns, S3 Silver Anti-Microbial treatment is combined with proven 3M Featherless insulation to create the perfect toasty shell for layering or stand alone use. The Thermic series is a must for any hunter who isn't afraid of the variable weather that comes with every hunting season.

- Quiet lightweight fabric surrounds 3M Thinsulate Featherless 600 Fill power insulation
- 1 Zippered chest pocket
- 2 lower snap pockets
- Drawcord adjustable waist
- Harness slit for easy attachment and layering
- Contoured sleeves with low profile elasticized cuffs

Durable Water Repellency The outer fabric is treated with a water repellant hydrophobic coating which forces water to bead up and roll off the surface of the fabric. It extends the saturation point of the fabric and allows you to stay comfortable and in the field longer.

S3™ Silver Anti-Microbial Technology S3 products utilize antimicrobial technology which helps to inhibit the growth of odor causing bacteria. S3 keeps the garment smelling fresher longer.

Thinsulate Thinsulate™ provides 1 to 2 times the insulation of duck down, while being much less water-absorbent and much more resistant to crushing. The insulation properties are beneficial for retaining some of the heat produced by the body for comfortable warmth while the moisture produced, e.g. by sweating, evaporates.
